

FINISHES

Finishes Offered

Polyurethane Finish - (Permanent & Water Resistant)
Applied in 3 separate Sprayed on Coats

Matte Polyurethane Finish (Water Resistant - Low Sheen)
Applied in 3 separate Sprayed on Coats

Food Safe Mineral Oil Finish (Need to Maintain monthly)
Is applied by hand in 5 separate Coats

Waterlox Finish (Food Safe & Water Resistant)
Is applied by hand in 5 separate coats

*** Stain with Waterlox finish is NOT food safe.**

Waterlox finish will present to be shinier with a yellow or golden hew, this will slowly die off as the finish cures completely, typically 30-90 days.

Unfinished (Warranty Void)

*** Note - Water Resistant DOES NOT mean Water Proof**

- ✓ Cutouts - Sink & Stove cutouts are optional, we recommend a Polyurethane finish to extend the life of the top.
- ✓ To protect from getting wet or drying out.

**Due to variation in wood characteristics, NO two pieces of wood are exactly the same. Samples & pictures should not be considered as an exact match to your final order.*

Custom Stain Match

- Custom Stain Matching is available upon request.
- How does it work?
 - You will provide us with a sample to be matched which we provide to Thomas Creek.
 - Thomas Creek will then color match the stain onto the species of wood you have quoted, it will be given a control # and labeled the small sample will be mailed back to you not to your customer.
 - This is only a “Stain Color Match” *All Color Match samples are finished with a Polyurethane Finish. There is no charge for the small color match.
- Larger 1.5 x 8 x 8 Samples may be requested. There is a onetime charge of \$25 per sample. We Strongly recommend.
 - These samples are customized to your customers quote. Complete with Color Match, Species, Grain Orientation, Corner profiles, Edge profiles & Selected Finish. Each Sample is labeled on the back.
 - *Stain with Waterlox is strongly discouraged. Waterlox with Stain is NOT Food Safe.

**Due to variation in wood characteristics, NO two pieces of wood are exactly the same. Samples & pictures should not be considered as an exact match to your final order.*
